Abstract.

Allowances - Unhealthy localities - Siruguppa in the Bellary district - Removed from the list.

Finance DEPARTMENT

G.O. No. P. 708 dated 15th November 1934.

READ the following paper :—

ENCLOSURES. No. (V) p114 (V) p234

G.O.No. 517,Finance dated 30-7-1928.
do. 192,Finance dated 4-4-1932.
From the Board of Revenue, L.R. & S. No. Ref.C.3966/34-4 dated 19th July 1934.
From do. Resolution, Mis. No.3256,dated the 18th September 1934.

O R D E R:-

In G.O.No. 517,Finance, dated 30th July 1928 the Government sanctioned the inclusion of Siruguppa in the Bellary district in the list of unhealthy localities for purpose of enabling Government servants stationed in the locality to draw the unhealthy locality special pay. In connection with the general review of allowances by the Retrenchment Committee 1931-1932, the Board of Revenue recommended that the special pay might be withdrawn when the various anti-malarial operations that were being carried out in the area both by the Government and by the local boards were completed. The Government accepted this recommendation in G.O.192,Finance, dated 4th April 1932, and the Board of Revenue was requested to report in due course when the special pay might be discontinued.

Kp 1-34 (S)

2 The Board of Revenue has now furnished details and also the report of the Director of Public Health on the several anti-malarial measures that have been carried out at Siruguppa and it has recommended that the special pay may be discontinued with effect from 1st April 1935, provided the employment of six larcars is sanctioned, as recommended by the Director of Public Health, to keep the distributory channels within a radius of half a mile from the village free from weeds and silt. The Government have carefully examined the adequacy of the anti-malarial measures carried out and the present state of health in Siruguppa. They agree with the Board of Revenue that in view of the considerable reduction in malarial infection as evidenced by the reduction in the spleen rate (from 35.3 per cent in 1928 to 6.9 per cent in 1934), the continuance of the unhealthy locality special pay to Government servants stationed at Siruguppa is no longer justified. They do not, however, consider that there is any necessity to continue the special pay till 1st April 1935.

The Government accordingly direct that the special pay shall cease to be drawn by the Government servants stationed at Siruguppa with effect from 1st January 1935.

3. The following Notification will be published in the Fort St. George Gazette:-

NOTIFICATION.

In exercise of the powers conferred by rules 41, 42 and 44 of the Civil Services (Classification, Control and Appeal) Rules the Governor in Council and the Governor acting with the Ministers hereby make the following amendment to Part I of the Madras Manual of Special Pay and Allowances, Vol. I, with effect from 1st January 1935:-

Amendment.

Delete item (27) under Rule 10 of Part I of the said Manual and renumber the subsequent items.

4. P.T.O.

4. The Board of Revenue is requested to submit at an early date the further report promised by the Collector of Bellary regarding the possibility of keeping the distributory channels free from weeds and silt by enforcing the provisions of the Kudimaramat Act. Orders on the question of employment of six lascars for the purpose will be deferred pending receipt of the report.

(2) do 8613/34-1 " 23.11.34
(3) My Ref.C.2178/34 B4 dated 21.8.34. &
(4) Letter of Director of Public Health, Madras No. R.66 Mal. dated 24.7.1934.

The ryots are reported to be attending to such customary labour of removing silt and weed so as to allow free flow of water in the distributory channels. The additional work of clearance of rank vegetation on the sides of distributories and filling up swamp pits etc., proposed to be undertaken by the Director of Public Health is not for improving irrigation facilities and maintenance of distributories, but to improve the public health of Siruguppa Town and has to be undertaken as a measure of antimalarial campaign. Hence the provisions of Kudimaramat Act (Act I of 1850) cannot be enforced.

2. As recommended by the Director of Public Health in para 4 of his letter quoted above, the appointment of a special staff of 6 lascars for attending to these anti-malarial operations may be sanctioned and the cost debited to public health budget.

3. As the distributories are in charge of the Revenue Department this task can be undertaken by the Revenue De-

8

Department and the special antimalarial operations conducted under the supervision of the Tahsildar.
